CDBG	\$0
HOME	\$0
ESG	\$0
HOPWA	\$0
Total	\$0
Reprogrammed Prior Years' Funds	
CDBG	\$469,740
108/EDI	535,746
HOME	\$0
ESG	\$0
HOPWA	\$0
Total	\$1,005,486
Total Estimated Program Income	
Community Housing Services	\$10,000
Emergency Loan Program	\$30,000
Deferred Loan Program	\$35,000
Direct Loan Program	\$45,000
Historic Loan Program	\$35,000
Rental Housing Loan Program	\$10,000
Historic Deferred	\$0
Non-Residential Historic	\$0
HOME Deferred Loan Program	\$0
HOMEownership 80	\$50,000
Total	\$215,000
TOTAL FUNDING SOURCES	\$5,528,249
Other Funds	\$0
Submitted Proposed Projects Totals	\$0
Un-Submitted Proposed Projects Totals	\$5,313,249

NOTE: Program income is not included in the calculation of Un-Submitted Proposed Projects Totals because it is not part of the City's Letter of Credit.

B. Statement of Objectives

The City of Wichita is planning its thirty-second year of participation in the HUD Consolidated Plan process, by proposing activities for Community Development Block Grant program (CDBG), HOME Investment Partnership program and Emergency Shelter Grant (ESG) program that will address the priority needs identified in the HUD Five Year Consolidated Plan (2004/2008).

The City of Wichita's Housing and Community Services Department is responsible for the development of the City's One-Year Action and the Five-Year Consolidated Plan, and for administering the CDBG and HOME programs. The Housing and Community Services Department has been extensively researching and identifying the City's housing needs, resources and strategies by developing a Comprehensive Housing Policy. The policy focuses on providing safe, affordable housing and basic shelter for all people, eliminating blight within neighborhoods, developing housing in established neighborhoods, coordinating a balanced approach to housing development in established and new neighborhoods, developing partnerships that collaborate city, county, state and federal government sources as well as for-profit businesses and nonprofit agencies and promoting the availability of housing services and programs in Wichita. Developing the Comprehensive Housing Policy has created new insights on how the City of Wichita can address the priority needs identified in the Consolidated Plan.

During the 2005/2006-program year the City of Wichita has been engaged in an organizational change initiative - "Transforming Wichita". City Manager George R. Kolb, is leading the transformation process, which has begun with the development of five goals, approved by the City Council. The goals are: Provide Safe and Secure Community; Promote Economic Vitality & Affordable Living; Ensure Efficient Infrastructure; Enhance Quality of Life; and Support Dynamic Core Area and Vibrant Neighborhoods. The Housing & Community Services Department is directly involved in the development of the strategies and performance measurements for each goal.

The Wichita economy is still recovering from the impact of losing 16,500 jobs in 2001. As a result, there continues to be a great demand for social and housing services. The City of Wichita has focused funding on the priority needs in the Consolidated Plan to support community efforts to help those affected by the economic downturn. CDBG funding for non-profits to assist low-and moderate-income families has been provided and City infrastructure reinvestment projects have been planned to help provide jobs.

The City of Wichita will continue to focus CDBG and HOME funds in the HUD Neighborhood Revitalization Strategy Areas, State Neighborhood Revitalization Areas, the defined Local Investment Areas and the Redevelopment Incentive Area. The objectives will be to create long-term growth through programs which: 1) provide economic empowerment for low-and moderate-income persons; 2) improve housing conditions; and 3) continue the elimination of slum and blighting conditions.

The use of CDBG and HOME funds in these areas, complements other City revitalization initiatives. For instance, the City provides incentives to eligible property owners located within the State Neighborhood Revitalization Areas, including a partial rebate of property taxes for up to five years based on the improved value of the property and waivers of building permit and water/sewer tap fees for new infill single family housing.

The City also addresses the priority need for employment opportunities through the Career Development Center, which provides training to prepare the unemployed and under-employed to work in the local economy. Many citizens, who have been affected by layoffs due to the economic downturn, have contacted the Career Development Center for assistance. The Career Development Center staff has attended training to ensure quality customer service to workers who have been laid off or are preparing for future layoffs. Citizens in need of training and employment assistance are referred to Workforce Alliance of South Central Kansas.

COMMUNITY DEVELOPMENT BLOCK GRANT

The City of Wichita has established three Neighborhood Revitalization Strategy Areas, six Local Investment Areas and the Redevelopment Incentives Area. Current City Council policy requires targeting of selected CDBG and HOME funds to the Local Investment Areas for housing activities, infrastructure improvements and inner city redevelopment.

The City of Wichita annually addresses infrastructure needs. During the 2006/2007-program year the City will carry out an extensive sidewalk project in the Hilltop Neighborhood Revitalization Strategy Areas and will perform major renovations to City park facilities serving low/mod income neighborhoods. Wheelchair ramps and other handicapped improvements are addressed with each project in order to comply with the Americans with Disabilities Act (ADA). The objective of these investments is to build a strong foundation for future community development and to complement existing neighborhood improvements. These projects will enhance safety and recreational activities, which will stimulate growth in the Neighborhood Revitalization Strategy Areas.

The City will provide housing activities through the Home Repair Program, which includes paint grants, exterior repair grants and the Emergency Home Repair Program.

The Emergency Home Repair program is operated city wide to address housing conditions which threaten the health and safety of low-income homeowners. The program will be available to households not exceeding 80% of HUD's published Area Median Income. The maximum loan amount is \$5,000 which will be forgiven after five years, if the recipient still owns and resides in the home. If the home is sold or transferred before the five-year period has expired the loan becomes payable. Assistance will be limited to no more than two emergency repair loans per structure during the life of the structure.

The CDBG Deferred Loan program will continue to serve households with incomes less than 50% of the HUD's published Area Median Incomes. However 50% of the loan will be forgiven at a rate of 10% per year as long as the participant remains in the home. The balance of the assistance will be due upon transfer of ownership.

The City of Wichita has established an excellent record for providing a high level of Public Service and the 2006/2007 Action Plan will continue the tradition. Programs will continue to support the Summer Youth Employment program, and the Youth Recreation and Enrichment program, which provides after school activities for middle school students. The Women's Services component of Wichita's Public Services initiatives, supports agencies which assist women and children living in abusive situations. These agencies provide food, shelter, counseling and encouragement to their clients, to help them establish abuse-free living environments. All of these Public Service programs are crucial to the growth and development of the community's vulnerable populations.

CDBG funding will continue to support the Neighborhood Assistants located at the Neighborhood City Halls. These locations make City programs directly available to citizens within several low-income neighborhoods and also offer educational programs and assistance to residents, which enable them to access available resources to improve their quality of life.

The Environmental Health Inspectors will continue to receive CDBG funding and continue to serve the Neighborhood Revitalization Strategy Areas. The increased efforts have been successful in assisting more neighborhoods to maintain a safe and clean living environment.

The City's objective to stimulate the economy through job training programs has seen continued success through programs provided by the Cessna 21st Street Training Facility. Part of the economic recovery has stimulated small aircraft production for the Cessna Company. Cessna proposes to increase training and sub-assembly activities, creating more jobs in the Northeast Local Investment Area.

Two major construction projects funded in part by CDBG will be completed during the 2006/2007-program year. The 13th and Grove Grocery Store project will primarily serve low/mod income families living in the Northeast Local Investment Area. The grocery store will also create an estimated 20 new jobs. The project was funded in part by the City's Wichita Biz Loan program and a CDBG loan guaranty that was funded through a pre-award for program years 2006/2007 and 2007/2008.

The Kansas Foodbank Warehouse project funded in part by CDBG prior year funds will be located downtown on Douglas and I-135 across from the new Red Cross building. The new warehouse will enable the Foodbank to double in capacity. The Kansas Foodbank provides food for agencies within the Wichita area that assist several thousand families daily.

The City of Wichita entered into a \$3,000,000 Section 108 Loan Guaranty agreement in 1999. The City also received a \$1,000,000 Economic Development Initiative (EDI) grant to pay interest and provide a loan loss reserve for the Wichita Biz Loan Program. The program was initiated in 2001. Following the introduction of the Wichita Biz Loan Program, both the local and national economy collapsed and interest rates fell to record lows. Commercial bank loans became more attractive and easier to obtain. Despite the local economic conditions, four companies entered into loan agreements amounting to \$626,656 that created 32 jobs and trained more than 500 low-income individuals that were employed through job placement. The Wichita Biz Loan program leveraged an estimated \$2,000,000 in private funding.

During the 2005/2006-program year, staff performed a financial analysis of potential future loans based on the design of the Wichita Biz Loan Program and the City's commitment to the HUD Section 108 Guaranty Loan payment schedule. The analysis revealed a potential high-risk obligation to the City's CDBG program, which is exacerbated by the recent trend of annual reductions in CDBG allocations. After evaluating all the factors, the City of Wichita made a decision to terminate the Wichita Biz Loan program and pre-pay the HUD Section 108 Loan Guaranty Note.

Upon payment of the HUD Section 108 Loan Guaranty note, the Wichita Biz Loan program's Loan Loss Reserve, funded by the EDI grant had a balance of \$535,746. The balance of the EDI funds will be come subject to the CDBG program income regulations and budget for eligible projects for the 2006/2007-program year.

HOME

The City will continue to offer a HOME-funded homebuyer assistance program HOMEownership 80, (HOME 80) in the City's Redevelopment Incentives Area (RIA), Neighborhood Revitalization Area (NRA), and Local Investment Areas (LIAs). The HOMEownership 80 Program provides zero percent deferred payment loans to qualifying homebuyers for downpayments, closing costs, and minor rehabilitation. Funding received for the American Dream Downpayment Initiative (ADDI) will be utilized to supplement funding for the HOMEownership 80 program, in accordance with applicable ADDI regulations.

The City is continuing to support the homeownership goals of Section 8 participants by providing downpayment and closing cost assistance through the HOME 80 program. The Section 8 homeownership program allows voucher payments to be applied to home mortgages for eligible participants. Having both programs operate from the Housing and Community Services Department facilitates this partnership.

The City will continue to offer its HOME-funded home repair program. The HOME Deferred Loan Program offers zero percent deferred payment loans to very low-income owner-occupant homeowners for the purpose of rehabilitating their homes in the LIAs. In addition the Housing Development Loan Program continue to be available in the RIA, the NRA, and the LIAs.

The Housing Development Loan Program (HDLP) was created to encourage the development of single or multi-family housing projects within the Redevelopment Incentives Area and immediate neighborhoods, and is available to private developers as well as CHDO's. The HDLP program allows the City to forge new relationships with developers that result in projects similar to those completed by CHDO's, thus increasing the capacity to create new units on an annual basis.

The City will provide the maximum required CHDO set-aside funding (\$265,584) to support housing development projects, and will continue to offer the Boarded-up House program to participating CHDO's. Operating support funding will also be provided to CHDO's that have received funding for set-aside projects.

The HOME-funded Boarded-Up House Program provides zero-interest, forgivable development subsidy loans for CHDO's to purchase dilapidated, vacant structures to rehabilitate or raze for the purpose of building new homes. Beneficiaries are low-income families eligible to purchase homes through the HOMEownership 80 Program. However, the neighborhood also benefits by having blighted structures removed and replaced with safe, affordable housing. Properties must be located within the City's LIAs.

Mennonite Housing Rehabilitation Services (MHRS), Community Housing Services (CHS), and Power CDC are City-designated Community Housing Development Organizations (CHDO's) that will participate in projects involving the construction of new single-family residences and purchase/rehabilitation/resale of viable structures utilizing CHDO set-aside funding in the Local Investment Areas. These programs will provide a basis for increasing/maintaining the homeownership base and increasing the supply of safe, clean, affordable housing in the targeted areas.

Local lending institutions, including INTRUST Bank, Bank of the West, Capitol Federal Bank, Fidelity Bank, Bank of America and other lenders operating locally, participate in the City's HOMEownership 80 program by providing first mortgage loans to low-income families receiving HOME 80 program assistance.

Many of these financial institutions continue to participate in a local initiative known as the Heart of Wichita Lender Pool. The lender pool is a mechanism that was developed to provide mortgage financing for homebuyers who may not qualify for prime rate or secondary market and local portfolio mortgage financing. The program was developed utilizing investments by the participating financial institutions, and allows for the consideration of alternative credit references in the approval process. CHS will continue to act as the administrator of the program. Individual loans are made to homebuyers on a pro rata basis from each bank's investment. Repayment of the loans will be returned to the participating lenders.

Other forms of housing assistance provided through Community Housing Development Organizations (CHDO's) include below market-rate mortgage loans, homebuyer counseling, credit counseling, as well as other homebuyer assistance programs funded through the Federal Home Loan Bank.

CHS and MHRS have received funding from the Federal Home Loan Bank's Affordable Housing Program, in order to provide subsidies in connection with affordable housing initiatives. In some cases this assistance will be leveraged with the City's HOMEownership 80 projects in order to increase the level of down-payment assistance provided to low-income first-time homebuyers, and to provide HOME-eligible match. CHS, which is affiliated with Neighborworks, is a full-service lender and has the ability to provide below-market first mortgage loans to qualifying individuals in connection with some of the City's HOMEownership 80 projects.

EMERGENCY SHELTER GRANT

During the 2006/2007-program year the Emergency Shelter Grant will be used to fund activities at eight facilities serving the homeless and near-homeless populations within the City of Wichita. These agencies will be assisted with the on-going cost of maintenance and operations. Three of the overnight shelters and the drop in center will receive funding assistance to offer case management and other essential services to existing homeless families and individuals. Women and children, who are victims of domestic violence, will have a safe, violence-free place to go when fleeing their abuser. Homeless prevention services consisting of rent and utility assistance will also be provided with Emergency Shelter Grant funds.

Agencies receiving Emergency Shelter Grant funds will be required to provide matching funds to the program. Matching funds will be obtained through cash donations, other grants and volunteer hours.

C. Geographic Distribution

The Wichita City Council adopted the City of Wichita's Neighborhood Revitalization Plan on May 11, 2004. The purpose of the plan is to stimulate synergistic effects from the use of focused, layered multi-year public and private funding to enhance, improve and revitalize distressed areas within the City. The Neighborhood Revitalization Plan incorporates the:

- State's Neighborhood Revitalization Area - defined as an area having a substantial number of deteriorated or dilapidated buildings or improvements, defective or inadequate streets, incompatible land uses, deterioration of site or other improvements, etc. which substantially impairs or retards sound growth of the city; and

- HUD's Neighborhood Revitalization Strategies Area - defined as an area that is primarily residential and contains a high percentage of low-and moderate-income persons where a comprehensive approach is used to address economic development needs and promote innovative programs.
- Local Investment Area (LIA) - six Local Investment Areas (LIA's) located within and around the HUD and State Neighborhood Revitalization Strategy Areas. The Local Investment Areas generally have a high concentration of low- and moderate-income persons, minority households and high levels of unemployment.
- Redevelopment Incentives Area (RIA) is an expanded area outside of the Neighborhood Revitalization Strategy Areas where CDBG and HOME funded programs are available.

Federal Community Development Block Grant (CDBG) and HOME Investment Partnership (HOME) funds are being concentrated in these areas to have a significant visual impact on these specific areas.

D. Homeless and Other Special Populations

The City of Wichita will continue to utilize Emergency Shelter Grant funds to support the operations of emergency shelters and to provide case management services to assist homeless persons in making the transition to permanent housing and independent living. The City of Wichita will also apply to the State of Kansas on behalf of local shelters and other homeless service providers, for additional Emergency Shelter Grant funds for homeless prevention, emergency shelter and supportive services.

In addition to Emergency Shelter Grant funding, the City is currently or will:

1. Be an active participant in the Continuum of Care Supportive Housing application process and will submit an application for Shelter Plus Care vouchers. This is in partnership with one or more agencies to provide supportive services that will enable the voucher recipients to remain in their homes.
2. In its capacity as a housing authority, address chronic homelessness in its Section 8 program by designating homelessness as a preference for housing choice voucher programs.
3. Assist in the creation and implementation of the 10-year plan to end chronic homelessness.
4. Continue to support the implementation of the Homeless Management Information System (HMIS) that is managed by the local United Way agency.

5. Continue working with the Community Council on Homeless Advocacy (CCHA) to modify and implement the CCHA strategic plan to conform to the U. S. Interagency Council on Homelessness 10-Year planning process.

The City will also support other efforts to provide assistance to homeless persons as well as the non-homeless who require supportive services. Applications from private agencies or other public agencies for funding under programs such as Section 202 or 811 will receive City support as appropriate.

E. Needs of the Wichita Housing Authority

The City of Wichita Housing Authority (WHA), comprised of the Public Housing and Section 8 Divisions, is a part of the Housing and Community Services Department and operates 575 rental units of Public Housing and administers appr. 2,424 Section 8 housing choice vouchers. During the current action year, the WHA will apply for additional Section 8 vouchers as funding becomes available and will continue to provide supportive services to Section 8 tenants through the Family Self Sufficiency Program.

The WHA has been awarded a ROSS (Resident Opportunities and Self-Sufficiency) grant in order to continue to provide supportive services for elderly and non-elderly disabled tenants of Public Housing apartment complexes and will pursue partnerships with other service providers in the community. Public Housing will also continue to set-aside a portion of its operating budget for resident services coordination. Public Housing has been deemed to be a standard performer by HUD's Public Housing Assessment System (PHAS) and the Section 8 Program has been deemed to be a high performer by HUD's Section 8 Management Assessment Program (SEMAP).

F. Anti-Poverty Strategy

The City of Wichita annually addresses poverty prevention by funding programs that provide opportunities for at-risk populations. The following programs are designed to assist the low-income individuals and families living in Wichita to improve their self-sufficiency by addressing their employment and housing needs and by providing access to public services.

Local agencies receive funding from CDBG and ESG to provide public services that meet the needs of family members who have become victims of domestic violence or are in danger of becoming homeless because of a job loss or other circumstance. In addition, funding is provided to support job and life skills training for youth, to prepare them for economic independence. The goal of these programs that serve individuals who are experiencing hardships, is to provide the assistance necessary for them to return to self-sufficiency, and is key to stabilizing their lives as well as the Wichita community.

Housing is the basic need that is generally lost when families experience a poverty event. Agencies within the City of Wichita provide shelters, transitional housing and temporary housing. The City also provides Public Housing and administers the Section 8 program that assists low-income families with housing needs.

The City's HOMEownership 80 program break the cycle of poverty for many, by providing financial support to enable them to overcome the most common barriers to homeownership – lack of funds for downpayment and closing costs. The program's financial assistance with down payments, closing costs and rehabilitation expenses, is available for first-time homebuyers in the City's Redevelopment Incentives Areas.

In conjunction with HOMEownership 80, various assistance programs have been created to help assist property owners to maintain property conditions within required City of Wichita Code. These programs consist of deferred loans, direct loans, paint grants, home repair loan and grant program, secondary structure demolition program and environmental health inspectors, and are essential to helping persons experiencing poverty conditions to improve their housing standards without falling further into debt.

The City's commitment to address and eradicate poverty in Wichita includes investment in the growth and development of youth to produce healthy families. Two examples of Public Service projects that operate in the City of Wichita are the Summer Youth Employment programs and the Youth Recreation & Enrichment programs. The Summer Youth Employment program educates youth in the work environment, while Youth Recreation & Enrichment program provides tutoring, after school activities, designed to keep young people in school.

In addition to Community Development Block Grant program funding, the City of Wichita administers the Community Services Block Grant (CSBG) funds to provide a variety of services that directly benefit low-income persons and provide services that benefit low-income areas. Low-income persons receive direct benefit from programs such as offered by the Central Plains Regional Health Care Foundation and Summer of Discovery. Administration and program support are provided for employment, homeless assistance, and alcohol and substance abuse treatment and prevention programs with CSBG funds as well.

Healthcare is another priority for the City of Wichita in its efforts to reduce poverty. According to the Federal Health Resources and Services Administration, it is estimated that more than 3,820 residents of Wichita and Sedgwick County are uninsured. Low-income persons receive direct benefit from program such as Project Access, administered by the Central Plains Regional Health Care Foundation. This foundation represents a community partnership Foundation being led by the the Medical Society of Sedgwick County, to improve access to medical facilities and thereby enable uninsured persons to receive adequate medical. Central Plains Regional Health Care Foundation is a physician-led partnership of volunteer physicians, social service agencies, hospitals, clinics, area pharmacies, United Way and state and local governments, which address the challenges of providing medical care to the uninsured.

Central Plains Regional Health Care Foundation combines donated physician care, hospital services, and medication assistance in a coordinated effort to complement and enhance the work of existing clinics which serve low-income persons.

G. Lead-Based Paint Hazards

Many Kansas children are at-risk for lead poisoning. According to the 2000 Census data, approximately 71% of the homes in Wichita were built before 1978 and about 43,355 children living in Sedgwick County are in the at-risk age to 72 months. The Centers for Disease Control and Prevention estimates about 2.2% of the children in the at-risk age group have lead levels above 10 ug/dL.³⁷ The Sedgwick County Health Department tested 4,030 children in 2004 and 3,655 during 2005 and a total of 193 children were found to have 10 mcg/dL or higher.

There are three techniques defined in HUD regulations to address lead-based paint issues: interim control, encapsulation and abatement. The City of Wichita uses safe-work practices to accomplish interim controls in federally funded rehabilitation of residential dwellings.

The Wichita Housing Authority completed a program in which lead-based paint was encapsulated or abated in all Public Housing units. All Wichita Public Housing units are lead-free. When tenants lease a Public Housing property, they are provided a copy of the booklet, "Protect Your Family from Lead in Your Home", in addition to other information pertaining to lead-based paint/hazards.

Section 8 program inspectors will conduct a visual assessment for deteriorated paint surfaces for pre-1978 units that are occupied or will be occupied by families with children under 6 years of age. If deficiencies are noted the owner must stabilize deteriorated surfaces. Applicable areas include painted surfaces within the dwelling unit, exterior painted surfaces associated with the dwelling unit, common areas of the building through which residents must pass to gain access to the unit and areas frequented by resident children under six years of age, including play areas and child care facilities.

All Section 8 clients are provided "Protect Your Family From Lead In Your Home" booklet provided by the United States Environmental Protection Agency. Also, Section 8 clients are required to sign a certification they have received the pamphlet and acknowledge that the landlord has completed the Disclosure of Information on Lead-Based Paint and/or Lead-Based Paint Hazards of the unit they are planning to occupy.

The Wichita-Sedgwick County Community Health Department provides free lead screening tests for the public, primarily targeting women, infants and children in the WIC program. Other qualifying low-income families may also request free screening tests. The department circulates information regarding the health risks and has established a lead poisoning committee to monitor the public's health as it relates to this hazard. The department also keeps a list of all reported cases of lead poisoning for the City of Wichita.

The estimated number of housing units occupied by low and moderate-income families, which contain lead-based paint hazards is 37,000. Most of these units were built prior to 1958. They are located in the older areas of Wichita, an area roughly bounded by Meridian on the west, 29th Street on the north, Oliver on the east and Macarthur on the south. These areas roughly correspond to the Neighborhood Revitalization, Redevelopment Incentives and Local Investment Areas where the City of Wichita has committed the majority of its CDBG and HOME funded programs.

Households receiving assistance through the City's CDBG and HOME-funded programs are advised of the dangers of lead-based paint and given a copy of the booklet "Protect Your Family from Lead in Your Home". Currently, lead-based paint hazards are addressed under the regulations applicable to Community Planning and Development (CPD) funded housing programs, which primarily focuses on the existence of deteriorated paint.

The Neighborhood Improvement Services (NIS) Division of the Housing and Community Services Department provides funds for rehabilitation to households that meet income, location and ownership criteria. Homes must be located in the Redevelopment Incentives Area bounded by I-235, Pawnee, 25th Street, Hillside, or within one of the six Local Investment Areas (LIA). Financial assistance is funded by the City's CDBG and HOME allocations. NIS has four state licensed Risk Assessors currently on staff and has policies in place for each rehabilitation program to assure compliance with the Lead-Based Paint regulations.

In the home repair/rehabilitation process, homes affected by lead paint hazards are subject to homeowner notification, renovation by trained and qualified workers, homeowner temporary relocation and clearance testing. Notifications consist of a presumption notice or notice of risk assessment, lead hazard evaluation, lead hazard reduction notice and lead pamphlet. Contractors trained in safe work practices and abatement methods are required to have certifications on file with NIS and other required agencies before being allowed to perform repairs on such properties. NIS has established procedures for protecting the occupants from lead contamination by providing the homeowner temporary relocation. Clearance must be achieved before the unit can be reoccupied. Clearance testing consists of dust wipe sampling and a visual exam of the property.

There are currently 12 known private contractors with 80-100 individuals trained and qualified in lead safe work practices in the area. There are seven known lead abatement contractors and two agencies in the area qualified to perform clearance testing on rehabilitation projects.

H. Emerging and Disadvantaged Business Outreach/Minority and Women's Business Outreach

The City of Wichita recognizes and embraces the importance of providing equal opportunities to all vendors and has developed a policy to provide Emerging and Disadvantaged Businesses the maximum opportunity to furnish the City with commodities and services. The policy increases the participation and the City's utilization of Emerging and Disadvantaged businesses for the City's purchasing opportunities. The City will establish annual goals for participation and utilization of Emerging and Disadvantaged Businesses when purchasing goods and services. The participation and utilization goals will be based on the availability of qualified Emerging and Disadvantaged Businesses ready, willing and able to provide the needed goods and services. This does not mean that quotas will be established, or that any quote or bid from an Emerging and Disadvantaged Business must be accepted if it is not the best quote or bid for the products or services desired.

Outreach Strategy

- Expand the registration, participation and utilization of Emerging and Disadvantaged Businesses.
- Continue to review membership directories from the Kansas Minority Business Development Council and the State of Kansas Minority and Women-Owned Businesses and Disadvantaged Business Enterprises to ensure these vendors are registered in the City's Purchasing system for goods and services that are required and needed by the City. If they are not registered with the City, the City will mail registration materials to encourage them to register with the City and/or make on-site visits when possible.
- Provide mandated training for all City departments and purchasing staff on newly established Emerging and Disadvantaged Business Program policies and procedures.
- Provide monthly training workshops for vendors on "How to do Business with the City" at various locations throughout the City, i.e., Neighborhood City Halls, District Advisory Board Meetings, community organizations, etc.
- Provide technical support and networking opportunities.
- Conduct on-site visits to offer personalized training, one-on-one, on "How to do Business with the City" and provide vendors with an opportunity for feedback and input on how they feel Emerging and Disadvantaged Business participation and utilization can be increased.
- Establish an annual award recognition program for vendors based on Emerging, and Disadvantaged Businesses referring other Emerging and Disadvantaged Businesses for registration. A certificate of Recognition will be presented at a "How to do Business" workshop or elsewhere.
- Continue to research other Cities' Emerging and Disadvantaged Business Programs to obtain "Best Practices" that can be adapted and included as part of this City of Wichita's plan.

- Work with the on-going committee established from the Supplier Diversity Task Team and other representatives to monitor the progress of the City's response to the Supplier Diversity Task Team recommendations as needed.

I. Other Actions

The Urban League of the Mid Plains will utilize CDBG funding in the amount of \$10,000 in an effort to promote fair housing. This funding will be used to conduct workshops for citizens, landlords, realtors and other outreach efforts regarding the Fair Housing Act.

The Urban League is a HUD-approved agency to provide housing counseling to the citizens in Wichita in areas such as foreclosure issues, educational programs, and outreach. In addition, they refer appropriate complaints to HUD's Office of Fair Housing. Citizens needing assistance with foreclosure actions are referred to the Urban League for counseling assistance.

J. Monitoring

CDBG

The project monitoring process reviews compliance with federal, state and local requirements pertaining to Community Development Block Grant funds. All projects are reviewed for the continuing capacity to carry out the goals and objectives, timetable and budgetary requirements as specified in the funding Agreement or Memorandum of Understanding. In addition, all projects are examined to ensure compliance with non-discrimination, equal opportunity and fair housing standards. Ongoing monitoring occurs with each reimbursement request, verifying compliance with Davis Bacon requirements (when applicable) and reviewing the project's performance reports. To the maximum extent feasible, formal on-site monitoring of each CDBG-funded program takes place a minimum of once per program year. On-going direct and indirect monitoring takes place during the entire project life cycle. The City provides technical assistance as needed or as requested by the agency.

All CDBG projects are examined for compliance with the regulations. Actual performance is compared to the estimates to ensure that objectives are being met. Project files are reviewed to validate accuracy and control measures and to ensure that performance is in compliance with local contractual agreements with city, state and federal laws. During the monitoring and review process, projects may require corrective and remedial actions. A letter addressing concerns discovered during the Technical Assistance Review identifies projects with deficiencies. The project administrator is notified of any concerns, the recommended corrective actions, and is requested to respond in writing within 30 days. If the concern is not corrected within 30 days, corrective action is taken by the City.

HOME

The City has designed a system for long-term monitoring of HOME-funded projects. There are currently nine HOME-assisted rental projects with long-term monitoring requirements. HOME-funded projects with long-term affordability requirements are monitored in accordance with HOME regulations. All rental projects are monitored on an annual basis. A sample size of 15 to 20 percent of the HOME-assisted units in the project are inspected, with a minimum of one unit per building inspected in multi-building developments.

The City's Housing Specialist is responsible for coordinating monitoring, and verifying compliance with respect to income targeting, tenant eligibility, applicable rent limits and leasing operations, as well as other provisions included in the written agreements. An inspector familiar with building code requirements from Neighborhood Improvement Services assists with on-site unit inspections.

Other entities under contract to receive HOME funds, including CHDO's, are monitored annually.

ESG

During the coming year, City Staff will monitor a sample (at least 25%) of Emergency Shelter Grant subrecipients to verify compliance with Federal, State and City regulations.

K. Section 3

The City of Wichita's Section 3 policy was implemented pursuant to City of Wichita Administrative Regulation No. 1.16. All applicable City departments have implemented the policy. The policy includes strategies for compliance with the Housing and Urban Development Act of 1968, as amended by Section 916 of the Housing and Community Development Act of 1992. The policy states that employment and other economic opportunities generated by HUD financial assistance shall, to the greatest extent feasible, be directed toward low-and very low-income persons. The policy gives preference to those who are recipients of government assistance for housing, and to business concerns that provide economic opportunities to low- and very low-income persons.

L. Specific CDBG Submission Requirements:

1. Program Income:

The CDBG allocation for the 2006/2007-program year is \$2,931,400. Reprogrammed income captured from projects that were completed under budget during 2005/2006, in the amount of \$469,740 will help offset funding reductions and have been budgeted for Neighborhood Stabilization projects.

Expected program income from revolving programs is estimated at \$165,000, and will be used to continue funding the revolving loan programs. The Housing & Community Services Department is currently operating the following eight CDBG-funded revolving loan programs:

1. Revolving Loan Program (operated by Community Housing Services of Wichita/Sedgwick County)
2. Deferred Loan Program
3. Direct Loan Program
4. Historic Loan Program
5. Non-Residential Historic Preservation Loan Program
6. Historic Deferred Loan Program
7. Rental Housing Revolving Loan Program (Multi-Unit)
8. Rental Housing Revolving Loan Program (Single-Unit)

The City of Wichita terminated its Wichita Biz Loan Program, which was funded by a HUD Section 108 Loan Guaranty and an Economic Development Initiative (EDI) grant. The 108 note was prepaid during the 2005/2006-program year; the EDI grant, which provided funds for the loan loss reserve account, resulted in program income in the amount of \$535,746. In addition, payments received from current loans are estimated to be \$144,000 during the 2006/2007-program year.

The City of Wichita's CDBG program has not participated in float-funded projects.

2. Contingency

Not Applicable

3. Urgent needs

Not Applicable

M. Specific HOME Submission Requirements:

1. Program Income:

The annual allocation of HOME funds for the 2006/2007-program year will be \$1,720,657, plus \$38,634 in American Dream Downpayment Initiative funding. Program income during the 2006/2007-program year is estimated to be \$50,000.

The City anticipates the receipt of program income in the form of residual funds remaining following the completion of CHDO set-aside projects, and the payments on outstanding HOMEownership 80 program loans. Program income will be allocated to HOME-eligible projects approved by the City Council.

2. Resale Provisions:

Subsidies provided under the City's HOME-funded HOMEownership 80 and Deferred Loan Rehabilitation Programs are in the form of zero-interest deferred payment loans. The loans are secured by a second and/or third mortgage with an acceleration clause to call the entire note due and payable in the event of subsequent sale or when the property ceases to be owner-occupied. A statement of owner-occupancy is an element of the second/third mortgages. In the event the re-sale price of the HOME-assisted property is insufficient to pay for closing costs, sales expenses and outstanding mortgage balances, the HOME subsidy loan may be forgiven in whole or in part, provided the seller (original program participant) does not receive any proceeds from the sale of the home at the time of closing.

A subsequent buyer may not assume the deferred payment subsidy loan. The City will not attempt to share in any of the appreciation a homebuyer may realize. Information regarding these policies is included in the debt instruments and is also covered in pre-purchase counseling that is required in order to participate in the HOMEownership 80 program.

The City of Wichita believes affordability is best achieved by making HOME subsidies available through zero interest deferred payment loans, which have no monthly payment obligation. By making these loans due and payable upon re-sale, the HOME funding can be "re-cycled" in order to carry out additional affordable housing projects. All loan repayments are considered to be Program Income, and must be used in connection with HOME-eligible projects. HOMEownership 80 loan funds repaid during the affordability period are considered to be "recaptured" funds.

The City Council has approved implementation of a partial loan forgiveness plan for the HOMEownership 80 and HOME Deferred Loan programs. Upon expiration of the applicable affordability period, the City will forgive 50% of the loan provided for down payment and closing cost assistance under the HOMEownership 80 Program. In addition, any loan provided for rehabilitation assistance in connection with the purchase will be forgiven upon completion of the affordability period. The City will also forgive 50% of a loan provided to a homeowner for rehabilitation through the HOME Deferred Loan Program, following a period of 10 years.

3. HOME Tenant-Based Rental Assistance:

Not Applicable. Program not offered.

4. Other Forms of Investment:

Not Applicable

5. Affirmative Marketing:

The following specific activities are included in funding agreements for HOME-subsidized rental housing projects:

- Display the Equal Housing Opportunity logo, slogan or statement in all advertising material related to the housing project.
- Display the HUD Fair Housing Poster in all offices in which sales or rental activity takes place.
- Display the HUD Equal Housing Opportunity logo, slogan or statement at the construction site, from the start of, and throughout the construction and sales/rental period.
- Send notices of vacancies to any agencies, which the City of Wichita may provide from time to time.
- A copy of materials sent to community contacts announcing vacancies must be sent to the Housing and Community Services Department.
- No later than 90 days prior to engaging in marketing activities the recipient should notify the Housing and Community Services Department either in writing or by telephone of the dates on which the recipient plans to: (1) begin initial marketing activities; (2) accept applications; (3) and start initial occupancy.
- The recipient must begin marketing activities 90 days prior to the anticipated date of availability for occupancy of the first unit of the project.
- The recipient organization is required to keep a record of its affirmative marketing activities for the year and report these activities to the City of Wichita as part of its annual report.

6. Refinancing

Not Applicable. Program not offered.

N. Specific ESG Submission Requirements:

The application process begins in November with a written solicitation of applications for ESG funding from homeless shelters and service providers. Staff reviews the proposals to determine eligibility, responsiveness to the solicitation, prior year's accomplishments (if applicable), and progress toward meeting current year goals for agencies receiving funding from prior years. After the staff review, the City of Wichita forwards applications to two community-based groups for review and recommendation: the Community Council on Homeless Advocacy (CCHA) and the (Council-appointed) Grants Review Committee.

The CCHA review takes place in the course of their normal business. The Grants Review Committee conducts a review of the CCHA recommendations and also holds a public hearing to receive comments regarding housing and community development needs and additional information about the programs offered by the applicant agencies.

After receipt of public comments and review by GRC members, funding recommendations are formulated and submitted to the City Council for approval.

O. Quantifiable Goals

The City of Wichita has many Housing and Non Housing projects targeted to low- and moderate-income persons. The following table lists one goal for each of the Action Plan's Housing and Non Housing projects for 2006/2007.

2006/2007 QUANTIFIABLE GOALS				
HOUSING	Housing Units	0 – 30% MFI	31 – 50% MFI	51 – 80% MFI
CDBG Housing Rehabilitation	259	91	91	77
HOME Housing Rehabilitation	36	12	24	0
HOME Homeownership Assistance	46	0	6	40
Total	341	103	121	117
Infill Housing Development	18			
NON HOUSING				
Sidewalks Project	18,001 persons			

Performance Measures		
Activity	Input	Output/Goals
Neighborhood Stabilization Projects	CDBG Funding \$711,516 Staff and Contractors	Park and Public Facility Improvements
Capital Projects	CDBG Funding \$200,516 Cement	Renovate neighborhood sidewalks and wheelchair ramps in the Hilltop NRSA
Economic Development	CDBG Loan Guaranty \$350,000	Construction of a grocery store located in the Core NRSA, will create estimated 20 jobs.
Environmental Health Inspectors	CDBG Funding \$167,900	Code enforcement in the NRSA
Public Services/Neighborhood Assistance	CDBG Funding \$315,938 Neighborhood City Halls	Information about existing City programs/activities
Public Services/Women's Services	CDBG Funding \$269,033 Domestic violence counseling Financial counseling	Provide safe housing and education for women and children on ways to avoid violent situations and how to recognize the signs of abusive behavior
Public Services/Youth Services	CDBG Funding \$263,186 Mentoring/Tutoring Summer employment	After school activities Summer job
CDBG Program Management	CDBG Funding \$267,000 Staff	Oversight of the CDBG program
Urban League – Fair Housing	CDBG Funding \$10,000	Provide education on the Fair Housing Act
Historic Preservation Planning	CDBG Funding \$87,500 Staff	Historic Preservation Activities Historic Environmental Reviews
Mandated Consolidated Plan	CDBG Funding \$23,400 Staff	Environmental Reviews
Housing Rehabilitation	CDBG Funding 1,208,536 HOME Funding \$856,064	Improve housing conditions
Home ownership	HOME Funding \$731,162	Increase home ownership in the NRSA and RIA areas
Homeless Services	ESG Funding \$119,520	Counseling Housing opportunities Rent/Utility assistance

LOCAL CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -
 - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 --It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

The new requirement of the McKinney Act (42 USC 11362) to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. I further understand that State and local governments are primarily responsible for the care of these individuals, and that HUD funds are not to be used to assist such persons in place of State and local resources.

Date

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2005/2006 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its notification, inspection, testing and abatement procedures concerning lead-based paint will comply with the requirements of 24 CFR §570.608;

Compliance with Laws -- It will comply with applicable laws.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

Signature/Authorized Official

Date

ESG Certifications

The Emergency Shelter Grantee certifies that:

Major rehabilitation/conversion -- It will maintain any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 10 years. If the jurisdiction plans to use funds for purposes less than tenant-based rental assistance, the applicant will maintain any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 3 years.

Essential Services -- It will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure as long as the same general population is served.

Renovation -- Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services -- It will assist homeless individuals in obtaining appropriate supportive services, including permanent housing, medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living, and other Federal State, local, and private assistance.

Matching Funds -- It will obtain matching amounts required under §576.71 of this title.

Confidentiality -- It will develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement -- To the maximum extent practicable, it will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, operating facilities, and providing services assisted through this program.

Consolidated Plan -- It is following a current HUD-approved Consolidated Plan or CHAS.

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check ___ if there are workplaces on file that are not identified here.

The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

SUMMARY OF CITIZENS COMMENTS

Comment

During the public hearing, held on January 25, 2005, there were 39 citizens in attendance. Mr. Selmon from Sunflower Community Action Group spoke about more than 200 abandoned and boarded up houses in the northeast area. The specific boundaries are 25th Street on the north, Oliver to the east, Murdock to the south and Washington on the west. The group is looking for assistance from the City of Wichita to either rehabilitate or demolish the sites.

Response

Staff is already working on issues raised by the Sunflower Community Action Group. The Office of Central Inspection has produced a list consisting of 186 boarded-up houses in the Northeast Local Investment Area. Housing and Community Services Department has applied for an Economic Development Initiative (EDI) funding to begin the new Stop Blight Program that will address these issues.
